

## Support from Legislators and Businesses Help Create a Brighter Future for Students

Students at Milwee Middle School had a chance to show off their STEM projects to legislative, corporate and school leaders last week. The Foundation's Legislative Breakfast celebrated the support of Senator Simmons, Rep. Brodeur, Rep. Cortes and Rep. Plakon, who advocated for Florida's School District Education Foundation Matching Grant program. The program incents private investment in public education by offering a \$1 for \$1 match. Foundation donors like Duke Energy have a chance to double their investment and

impact with our students. [Learn more.](#)

## TOOLS 4 SEMINOLE SCHOOLS

With the help of local businesses, municipalities, civic organizations and individuals, our students are being set up for success through TOOLS 4 SEMINOLE SCHOOLS. There have been over 100 supply drives this summer to ensure the right supplies get to the students most in need at each school through A Gift for Teaching – Seminole, our Free Store for SCPS teachers.

While we've received a great response this year, we're still in need of more supplies. There is still time to donate or organize your own supply drive.
